

Mi Gente Mi pueblo

Who are we? A Latinx collective of individuals passionate about building equity and unity for, with, and in the Latinx community in Tampa Bay. We focus on shaping the narrative, creating spaces of communal healing, and work towards social change through systems and advocacy.

1.

Shape & Amplify the Narrative

We collect stories, data, and uplift history to shape an authentic and relevant picture of Latinx community. How are you on the move & en la lucha?

Living in the margins and having little to no space to heal, we work to create healing spaces for Latinx to connect and feel a sense of belonging. How are you healing yourself or others?

2.

Reimagine Healing Spaces

Access and opportunity are not equal or equitable for Latinx individuals and families. This is why we are building a Latinx Advocacy Agenda. What systems need change?

3.

Build sustainable systems for advocacy.

Activate, fuel, cultivate and practice justice through, with and for the Black, Indigenous and Latinx, Latino, Latina, Hispanic communities.

4.

Mi Gente MiPueblo invites you to build community!

Passionate about Latinx Equity? Looking for Community?

¿Y Cómo Está Mi Gente?

On the Move & En la Lucha
